

Check Conversion and Recovery Product Offering

✓ **POS Check Conversion w/ Recovery-**

This product allows for check conversion at the point of sale through the Omni 3750 and imager of choice or any POS system/computer running Windows. Checks are imaged, verified, handed back to the customer and the customer signs a receipt of conversion acknowledgement and approval. Once your POS is ready to settle for the given time period simply batch items as you would credit card transactions. Funds are available in 24-72 hours, immediate availability of funds for qualified accounts only. All returned items you are notified via email or fax and are automatically resubmitted electronically for convenience with no charge to you. If electronic resubmission is unsuccessful your checks are forwarded to SAFE-CHEK our proven collection agency, again free of charge. *Pricing: Per transaction, equipment charge, free check recovery and electronic resubmission*

✓ **POS Check Conversion w/ Guarantee Recovery-**

This product is the same as above but we guarantee face value of all checks processed in accordance with our guidelines. Our guidelines are Valid Driver's License Number or Valid State ID Number, Home Phone, Check Signed and Approval Code. Our system allows fast checking account verification with optional check writer drivers license cross-referencing. This way you insure the proper DL information is obtained at the POS. *Pricing: Per Transaction, check guarantee coverage, equipment charge, free check recovery on non-guaranteed items and electronic resubmission*

✓ **BOC Check Conversion-Remote Deposit w/ Recovery-**

All checks received at the point of sale and by mail are imaged and sent to the bank for deposit from the convenience of your office. This product can run on any  Windows XP based PC and requires only an imager. *Pricing: Per transaction, equipment charge, free check recovery and electronic resubmission*

✓ **Reoccurring Debits-Credits/Check by Phone-**

This product allows to you to set up automated or one time reoccurring debit and credit transactions as well as take checks by phone. Runs on any  Windows XP based PC- if needed simply add an imager and you have the ability to remotely deposit checks from the convenience of your office. *Pricing: Per transaction, free check recovery and electronic resubmission*

✓ **Traditional Check Recovery-**

Simply authorize all returned items your business receives to come directly to Safe-Check for collections and electronic resubmission. You receive 100% of the face value of the check. You are reimbursed the same month your check is collected. Total free check recovery service with no electronic POS needed.
